

## Senior Health Economics and Outcomes Researcher

**Location:** Primrose Hill, London, UK or Newcastle-upon-Tyne, UK

**Type:** Permanent, office based. Consideration will be given to remote working on a case-by-case basis

**Application deadline:** 14 January 2022

### About PHMR

Established in 2007, we are a highly successful and energetic consultancy – a diverse group of well-recognised professional scientists, health economists, and industry specialists with a proven track record in providing global market access solutions to some of the biggest healthcare industries so that patients get access to medicines. Our science is internationally renowned, and we are proud of our work.

- We apply robust scientific approaches and methodologies. Quality science comes first
- We combine the expertise of our team with a worldwide professional network
- We continuously learn and improve
- 90% of our projects are repeat or referral from our existing customers
- Most of our team are educated to PhD level
- We embrace diversity in all its forms

Our trusted expertise and approach to science resulted in an acquisition by UDG Healthcare in early 2021 placing PHMR within Putnam and the wider Ashfield Advisory group. This new development presents even a wider range of future opportunities for those who are excited about challenging problems and bringing innovative practical solutions to some of the biggest healthcare industries.

With offices in London (UK), Newcastle upon Tyne (UK) and Westport (The Rep. Of Ireland) our team currently comprises of over 50 scientists-consultants and expects to reach approximately 60 by the end of 2022.

Our culture is open, team based, and inclusive. We are creative, innovative, and forward thinking, and we truly operate as a team of people who enjoy spending time together. Our leadership team is always approachable and offers coaching and training opportunities to the less experienced staff. PHMR also values and recognises work-life balance, providing flexibility and individual support to all our team members. We love being part of PHMR and perceive our culture to be vital to our success.

**Purpose of the role:** to lead a range of health economics and outcomes research projects, including health valuation and utility measurement, analysis of outcomes data, development of patient-reported outcome measures, and psychometric testing.

### Requirements / performance dimensions:

#### Functional technical expertise

- Higher degree (PhD or MSc) in health economics or related discipline, or psychometrics
- Ability to work independently but also as part of a cross-functional team
- Strong knowledge of health economics and methodologies for the analysis of patient-reported outcomes (e.g. utility measurement, analysis and development of patient reported outcome measures, development of (online) surveys, costing studies)
- Experience of designing and implementing health economics and/or PRO studies
- Good knowledge of HTA methods and processes
- A strong understanding of different global HTA environments
- Evidence of project management skills
- Experience of successful proposal development
- Able to clearly communicate complex technical issues
- Excellent quantitative skills, including econometrics or psychometrics
- Good knowledge of statistical software packages (e.g. STATA, R)
- Fluency in English
- Excellent MS Word, Outlook, PowerPoint and Excel skills

#### Alignment to PHMR values

- Integrity:** *We do the right thing*
- Quality focus:** *We continually pursue excellence*
- Ambitious:** *We are tenacious and sustainable*
- Collegiate:** *We support and learn from each other*
- Fun:** *We enjoy our work*

***Requirements / performance dimensions (continued):***

***Strategic input***

***Client focus***

***Communication skills***

***Non-project contribution***

***Great to work with***

***Autonomy***

***Line management (desirable)***

**PHMR offer:**

- Flexibility and individual support for more balanced and enjoyable life
- Fantastic opportunities for professional development, working along industry experts

To apply for this position please submit your CV **and covering letter** explaining why you think you would be suited to the role to [info@phmr.com](mailto:info@phmr.com) before **14 January 2022**.

Candidates wishing to discuss the position, please get in touch for an informal chat with Dr Louise Longworth (Chief Scientific Officer), Dr Frauke Becker (Principal, Health Economics) or Dr Yemi Oluboyede (Director, HEOR). No agencies please.

All candidates are eligible to apply for our roles and will be considered on suitability and merit throughout the recruitment process. However, at the time of starting their employment the successful candidate must have permission to work in the United Kingdom.
