## Senior Health Economics and Outcomes Researcher

**Location:** London, UK

**Type:** Permanent

**Salary:** On application, and commensurate with experience

### About PHMR

Established in 2007, we are a growing and energetic consultancy – a group of professional scientists, health economists and industry specialists with a proven track record in providing global market access solutions to some of the biggest healthcare industries so that patients get access to medicines.

We pride ourselves on the way we work.

- We apply robust scientific approaches and methodologies
- We leverage the combined expertise of our team and a worldwide professional network
- We strive for continuous learning and improvement
- We share an enthusiasm for teamwork, for delivering the best we can to our clients and for positively impacting healthcare around the world
- 90% of our business is repeat or referral

Due to sustained success, we are looking to expand our health economics team to support the growth of our consultancy.

### Duties and responsibilities of the role:

We are looking for a Senior Health Economics and Outcomes Researcher to join our vibrant and growing Health Economics team.

The successful candidate will support a diverse range of health economics and outcomes projects, including the analysis of patient-reported outcomes (PRO) data, design and analysis of preference elicitation studies and the development and validation of PRO measures. Additional responsibilities of the role include support project leads in the following:

- Internal and external day-to-day management of projects;
- Client management;
- Study design development and implementation across a variety of therapeutic areas;
- Drafting reports and contributing to HTA submissions;
- Preparation of draft analysis plans, model specification reports and presentations;
- Drafting abstracts and manuscripts as lead or co-author;
- Mentoring and training junior staff;
- Development of proposals;
- Managing project budgets.

### Essential requirements:

- Higher degree (PhD or MSc) in health economics, health technology assessment (HTA) or psychology (with a psychometrics component) and have strong quantitative skills
  - A minimum three years of experience of health economics and/or outcomes research
  - Experience of survey design and analysis
  - Demonstrated strong quantitative skills
  - Comprehensive knowledge of HEOR methods and statistical software packages
  - Experience of successfully managing projects
  - Good business sense and strong analytical skills
  - Excellent written and verbal communication skills
-

## Essential requirements (continued)

- An ability to think critically to challenge input and offer creative solutions
- Demonstrated ability to foster collaboration among multidisciplinary teams by applying communication and interpersonal skills
- A can-do approach to all tasks and commitment to delivering timely high-quality results
- Fluency in written and verbal English
- Excellent MS Word, Outlook, PowerPoint and Excel skills
- Willingness to live by PHMR values:
  - Integrity:** *we do the right thing*
  - Quality focus:** *we continually pursue excellence*
  - Ambitious:** *we are tenacious and sustainable*
  - Collegiate:** *we support and learn from each other*
  - Fun:** *we enjoy our work*

## Desirable requirements:

- Experience in client management
- A good understanding of the global payer environment, including coverage and reimbursement, pricing and contracting, and formulary management

Consideration will be also given to exceptional but less experienced candidates.

For an informal discussion and further details please contact Dr Louise Longworth (Chief Scientific Officer) at 0203 695 5800. *No agencies please.*

## PHMR can offer:

- Permanent full-time position in an engaging company culture
- Opportunities for growth and advancement
- Opportunities to publish research
- Competitive salary

To apply for this position please submit your CV and covering letter explaining why you think you would be suited to the role and reasons for wishing to join our office in London to [info@phmr.com](mailto:info@phmr.com).

All candidates are eligible to apply for our roles and will be considered on suitability and merit throughout the recruitment process. However, at the time of starting their employment the successful candidate must have permission to work in the UK.
